THE FREEDOM TO  
EXPERIENCE SPACE

# ANVERA 42 GT: DON'T CALL IT ORDINARY

---

**THE ANVERA 42 GT IS NOT FOR EVERYONE. IT'S FOR THOSE WHO NEVER SETTLE FOR LESS.**

Compact in size and sculpted in character, it is the gateway to the Anvera universe and the pinnacle of advanced nautical design, offering a pure, full-carbon engineering experience. The Anvera 42 GT is a true concentrated blend of passion, rare materials, cutting-edge technology,

and radical design. Designed for those who refuse to compromise, it is lightweight, precise on the water, and sets a new standard for space and comfort in its class with exceptional onboard volume. Every single detail has intent. Nothing is left to chance. Everything is performance.

## FULL CARBON

The Anvera 42 GT is built entirely from carbon fiber, like every Anvera model. Just 5.5 tons of pure, lightweight power — engineered for maximum control with minimal weight. A true technical benchmark in its class.

## PERFORMANCE

Carbon construction reduces overall weight, allowing for more compact engines that maintain high performance, optimize fuel consumption, and enhance efficiency even at lower speeds.

## BEACH AREA

The two side-opening terraces reveal a top-tier 13-square-meter space at sea level, fully customizable. Outstanding space for a boat of this category, it perfectly embodies Anvera's philosophy of fully embracing the sea.

## ENGINES

Outboard engines, seamlessly integrated into the stern. Easy maintenance, immediate access. No compromise on style or space: the Beach Area remains open, spacious, and fully livable.

LIGHTNESS AND  
PERFORMANCE IN BALANCE

TAILOR-MADE IS  
THE EXPERIENCE

BUILT SMALL.  
DESIGNED TO DO MORE

# BORN BESPOKE

## ANVERA 42 GT: BORN BESPOKE, LIKE EVERY ANVERA

Each model is designed around the style and needs of its owner, going beyond standard options to offer a truly tailor-made experience. From layout to materials, finishes to interiors, every element shapes a personal vision.

Every line can be reinterpreted.

Every choice is intentional, distinctive, and one-of-a-kind.

In addition to the standard version, countless exterior customization options allow you to create your own bespoke Anvera.
